

How Did They Make That? Getting Started in DH Project Design

Roadmap:

- I. Introductions
- II. Analyze Projects
- III. Application
- IV. DH Project Workflow
- V. Make a Plan

Follow Along: <http://bit.ly/DHProjectHow2>

[II.] Analyze Projects

Instructions:

1. Click on the linked image of each project in the Google Slide presentation or navigate to one of your pre-selected projects.
2. Explore the project.
3. In the section below, describe each project's:
 - a. Questions
 - b. Sources
 - c. Process
 - d. Presentation

How Did They Make That? Getting Started in DH Project Design

[III.] Application

1. Jot down what stood out to you as you reviewed the projects. What did you like? What didn't you like? Which elements would you like to include in your own project?

[III.] Application (Continued)

2. Sketch out any ideas for your project that came to mind. How might you place primary sources and your text on each project page or component? How do you want pages or components to relate to each other? What media types do you want to include?
